HOMELESS CHILDREN CARED FOR

Juvenile Officer Found Several Needy Children Down in Bowman County

Officers Are Also Looking for Man and Woman Wanted for White Slavery

Juvenile Officer William C. Blake was in the city Saturday afternoon with a number of children he had picked up near Bowman, in the southwestern part of the state.

There is a very pitiable story in connection with the taking of the children from their home, or rather an imitation of a home. Eight of the children are from one family and range in age from 14 months to 12 years.

The story told by the juvenile officer is to the effect that the mother of the children, Mrs. Kracher, has left her home and gone to South Dakota with a man not her husband. The man and woman were brought back to the state, the man was given a trial and sent to the penitentiary for a period of one year.

The children were living with their father, and neighbors made complaint that he was abusing them, and when he was arrested he pleaded guilty and paid a fine and signed a paper asking that the children be delivered into the care of the juvenile officer and supplied with homes. The woman is also serving a jail sentence at Bowman.

Three from Another Family. The other three children are from a family by the name of Pratt at Bowman. The father is dead and the mother has been unable to earn a living for herself and the little ones, and asked that the authorities step in and find a home for them, and that has been done. Two of the little ones were taken by a family near Mandan and the third was placed with a farmer living in Burleigh county, near Bismarck. These children are from 9 to 12 years old.

White Slave Case. Mr. Blake also had in his charge a girl named Edna Healy, whose former home was in Jamestown, but who according to the statement she has made to Blake, for some time past has been kept for immoral purposes by a man and a woman at Mandan.

The story the girl tells is to the effect that a man living in Mandan, and going under the name of Harry Harrison at some times, and as Trumbly at others, and claiming to be a railroad detective, has been living from the money she has been able to make for them. She states that the woman in the case took her from Jamestown and made her live an immoral life.

She says that at last she rebelled at the treatment she had received and came to Bismarck and that the con-

The Boy and the Newspaper.

One evening a boy came to his father as he was reading the Tribune and told him that he was going to quit learning geography, as there was nothing interesting in it.

So the father said, "You're going into business after you leave school?"

"Sure," replied the boy eagerly, taking for granted that there was no more geography for him.

"Well, here's what a business man writes today," and he turned to an advertisement about Oriental Rugs, in which the life of the Orient was vividly portrayed.

"What do you think of that?" he queried.

"Bully," answered the boy. "Now, that's geography." The boy looked dismayed.

"There's more to geography," continued the father, "than the names of places. You find out why we send to Italy for silks, to Germany for toys, and why other nations come to buy from us."

Read the advertisements in The Tribune closely and constantly every day for the most important news. They will tell you where to buy to best advantage. Encourage your boys and girls to follow them carefully and gain a knowledge of the romance of business.

like it before—none so firm, so nutritious and so savory.

"Minnesota" Macaroni is one of the best and most nourishing foods known—yet it costs only about one cent a dish. Serve it at least twice a week in place of meat. You will save money and your family will enjoy better health.

"Minnesota" Macaroni is especially fine for children—it builds strong bodies and does not overload the stomach. Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Adv.

HENK'S IDENTITY HAS BEEN SETTLED

CHIEF OF POLICE RECEIVES LETTER AND PHOTO FROM HANKS' CANADIAN HOME.

Chief of Police McDonald has received a letter and a small photo from Whittla, Alberta, that settles beyond any doubt the identity of that man Hanks who recently committed suicide while confined in the county jail here.

The letter and photo was sent by W. W. Fuller, a neighbor of Hanks in Alberta, who has been caring for Hanks' property since he disappeared in August.

The letter instructs the chief to notify Mrs. Grace Ross at Muskegon, Mich., who is Hanks' sister. This has been done and it is hoped that an early disposition can be made of the remains, which still are in charge of Coroner Fields at his morgue.

The letter states that Hanks disappeared from his farm near Whittla last August, and the only time he was ever heard of was several months ago at Whittla, Mont., and he was never heard of again till Mr. Fuller, who has been looking after Hanks' property, heard from the officials at Bismarck that the man was dead.

MAD DOG SCARE AROUSSES RYDER

(Special to The Tribune.) RYDER, N. D., March 1.—The strangely acting dog killed here last week was found upon an examination of his brain, to have been afflicted with hydrophobia. Several other dogs and horses have been bitten. Some horses have since died. The village authorities have ordered that all dogs known to have been bitten shall be shot and other dogs must be muzzled.

PREPARING FOR WOMAN'S PARADE

WASHINGTON, March 1.—Alice Paul, the woman suffrage leader and her "lieutenants," are busy getting matters lined up preparatory to Monday's pageant. Several suffrage trains arrived tonight, to be followed by more in the morning, including trains from Illinois, Wisconsin and Ohio, bearing sympathizers of the cause. Many prominent suffragettes have already arrived, including Dr. Anna Shaw, and Helen Keller, the deaf and blind writer, who was one of the speakers at the suffrage rally following the parade.

TAFT'S LAST TALK TO NEWSPAPER MEN

(By Associated Press.) WASHINGTON, March 1.—The president made father confessor of several hundred newspaper men tonight when he said farewell to the National Press Club and delivered his last speech as chief executive. He acknowledged his "besetting sin," and said he would be nothing but a "kicker and squealer" if he regretted what fortune and the country had given him and declaring he expected to return here in the future and chat with newspaper friends over the doing of another administration which, like his own, might make mistakes.

MINNEAPOLIS LADY BADLY SCALDED WHILE COOKING.

While preparing dinner a young Minneapolis wife had the misfortune to scald her hand so badly that over half the skin came off. She was alone at the time and rushed over to the neighbor's for help. This neighbor promptly applied Allen's Ulcerine Salve and in ten days the hand was completely healed without a scar.

This salve is one of the oldest remedies in America and since 1869 it has been known as the only salve powerful enough to cure chronic ulcers and old sores of long standing. Because it is so powerful, it will heal burns and scalds without a scar in a remarkably short time.

Allen's Ulcerine Salve heals from the bottom up and draws out the poison. If applied on new cuts and sores it heals in one-third the time that common salves and liniments take. (Advertisement.)

CREATED DISTURBANCE. John Olson was taken in by the police last evening when they answered a call to lower Seventh street. It appears that Olson was creating a disturbance by attempting to break in a door at a private residence. He will have a hearing before the police magistrate tomorrow morning.

NORTH DAKOTA BRIEFS

Fargo.—W. W. Archer, a wealthy citizen of Fargo, who owned a line of elevators along the Fargo-Minot cut-off of the Great Northern, died here following an operation for hernia.

Plaza.—A. L. Edwards was terribly burned by gasoline. He was filling a gasoline engine when the explosion occurred throwing the oil over his clothing. He was horribly burned about the body.

Ryder.—Major J. S. Murphy, recently appointed by the Soo to look after its experiment stations along the lines in the northwestern part of the state, announces that one of these demonstration farms

will be located at Ryder. Some of the local farmers will co-operate. Ryder.—The long fight here over the postmaster's appointment has been settled by the appointment of Mrs. C. J. Holm as postmaster. It is said that a number of democrats will seek the appointment as soon as the change of national administration occurs.

UNIVERSITY ALUMNI HAD FINE BANQUET

The McKenzie hotel dining room last evening was the scene of one of the most pleasant social functions of the legislative session when the University Alumni held a banquet at which there was an attendance of about fifty.

F. E. McCurdy of Bismarck acted as toastmaster and among other things introduced the following speakers: Prof. Harkness, Senator Williams, Victor Ward, Judge Sweeney and Judge Bruce.

It's not always a pretty subject that makes a good picture. It's the thought and knowledge that goes in the making.

A CAR YOU NEVER THOUGHT POSSIBLE PAIGE 36 \$1275

Who ever thought they could ever buy big power in a long stroke motor for \$1275!

Who ever thought that Gray & Davis electric starter and lighting system would be included in regular equipment of any car for \$1275.

Who ever thought they could buy a car having 116-inch wheelbase, 34 by 4 wheels, for \$1275?

Who ever thought—but why go further. We will have one of these cars here soon.

We have said enough already to open your eyes. We know you are surprised on reading just these few things about this Paige 36.

There are several lengths of open daylight between this car and any other you can name near the price.

It looks and acts like a \$2500 car. It rides absolutely 100 per cent comfortable. It couldn't give you more enjoyment, more service, more pride in ownership if it cost \$2500.

There is a limit of enthusiasm possible, a limit of satisfaction. Paige 3 reaches that limit from the start. The argument now is "Why pay more for any car, when you can get this Paige 3 for \$1275."

Possibly other makers can some day give you more for your money, but we don't see how!
